

THE JAY LENO SHOW

Primetime 5 nights a week!

Five nights a week in prime time, **THE JAY LENO SHOW** will showcase many of the features that have made him the late-night leader for so long. Signature elements will include his opening monologue and well-known comedy segments “Headlines,” “Jaywalking” and “Battle of the Jaywalking All-Stars.” Along with 17 years of experience in late night television, Leno brings with him a solid fan base and plans to incorporate more stunts, more newsmakers, and the opportunity to get out of the studio more in his new ten o’clock show.

Since becoming host of “The Tonight Show” on May 25, 1992, Leno has experienced numerous highlights, including winning the 1995 Emmy Award for Outstanding Comedy, Variety or Music Series. Most recently, Leno was nominated for an Emmy in 2008 for his popular Internet show “Jay Leno’s Garage,” which allows fans a peak into his famous garage.
