

## America's Funniest Home Videos

*America's Funniest Home Videos* highlights video clips that capture the unexpectedly funny things that happen when adults, children, animals and sometimes even inanimate objects are at their spontaneous best. The home videos, submitted by viewers, offer big laughs and compete to win the \$100,000 grand prize that is awarded to video buffs whose clips are judged favourites by studio audiences. From practical jokes to home improvement plans gone awry, from animal mishaps to just flat out strange behaviour, the program presents a hilarious look at everyday people caught on tape in their most embarrassing moments.
